To Whom It May Concern:

It is a distinct pleasure to recommend Mr. Kraus to you. I have worked closely with Mr. Kraus during the transition phase of two companies, BioSafety Systems and Romer Inc., where he served as the Chief Executive Officer. In both cases, I personally observed how his excellent leadership, strong financial background, and dynamic vision facilitated corporate transactions to successful completion.

In my estimation, Mr. Kraus's successful leadership of businesses in transition is a direct result of:

- Conducting an accurate analysis of the business's health, market position and long-range planning.
- Building a clear vision for the future success of the business involved, and communication of that vision to key stakeholders.
- Establishing a focused, accurate strategic planning effort with well-done execution to build corporate value
- Providing a profound financial understanding and the discipline necessary to ensure profitability, maintain cash flow and control expenses.

These qualities, plus experience in resolving shareholder ownership issues, and securing business financing, including an IPO, put Mr. Kraus in an ideal position to enhance business performance and subsequently increase shareholder value in many business situations.

In sum, I have the utmost respect for his personal and business qualities, strong commitment to his core values, and am highly pleased to recommend his services. If you have any questions concerning Mr. Kraus, please do not hesitate to contact me.

Best regards,
